PROFESSIONAL SUMMARY

Motivated B.Tech Computer Science student graduating in 2026 with strong foundations in Python, Generative AI, LLMs, RAG, LangChain, LangGraph, FastAPI, and AI Agents. Seeking opportunities as a GenAI Engineer, Python Developer, AI Engineer Intern, or Software Developer.

EDUCATION

B.Tech (Computer Science Engineering), Sri Venkateswara College of Engineering, Tirupati (JNTUA), CGPA: 7.98/10, Graduation: 2026

Intermediate (Class XII), AP Model School, KVB Puram – 689 Marks

SSC (Class X), AP Model School, KVB Puram – 502 Marks

TECHNICAL SKILLS

Python, Java (Basics), LLMs, Prompt Engineering, RAG, Agentic RAG, AI Agents, Embeddings, FastAPI, LangChain, LangGraph, ChromaDB, Git, GitHub, Docker (Basics), Vector Databases, Semantic Search, REST APIs

PROJECTS

AI Assistant – AI-powered assistant with conversational memory and modular architecture.

PDF Chatbot (RAG) – Implemented chunking, embeddings, semantic search, and retrieval workflows.

Resume Analyzer – Resume evaluation system using embeddings and similarity matching.

CERTIFICATIONS

NPTEL – Java Programming and Data Structures

NPTEL – Cloud Computing

ACHIEVEMENTS

Represented JNTUA University in South Zone Inter-University Volleyball Tournament (2024).

STRENGTHS

Quick Learner, Problem Solving, Adaptability, Self-Motivated, Team Collaboration, Continuous Learning Mindset

LANGUAGES

English, Telugu
